

# TeachHaiti

For a better tomorrow

Imagine 10 children born today in Haiti:

- 4...will never go to school
- 3...will live without clean water
- 2...will die within a year
- 1...

Education is one of the most effective ways to end poverty, reduce infant mortality, stop the spread of HIV/AIDS, and improve communities.

**TeachHaiti** works to end poverty and illiteracy by educating and nourishing Haiti's poorest children.

Support lifelong change for Haitian children and create a future that is truly bright.
